Community Message

I truly hope everyone has enjoyed the beautiful summer! I am encouraged to see all the landscaping activities people have taken on this year. The parks and spray park were busy almost every day and that is so great.

Your community association executive held our annual Family Day in the Park on August 26th. We hope everyone came out to enjoy the day. We welcome any of your feedback that you want to share by emailing us at info@myrosewood.ca

We want to that those of you who have already renewed or purchased a membership to the Rosewood Community Association. Memberships help to support our events and programs. A membership is also required to participate in any of our programs, including soccer and basketball.

Your RCA executive is looking forward to another fall including our popular holiday market on December 2nd as well as soccer, basketball and some programs!

If you have a skill and some spare time you'd like to share with our group please contact us at president@myrosewood.ca. Our meetings are on the first Tuesday of every month starting at 8:00 PM in the Community Resource Room at the Rosewood Schools. Everyone is welcome!

Sincerely,
Erin Bentley

Community Garden

The Swick Park Community Garden is an allotment agreement between a registered community member and the City of Saskatoon. Allotment means that a plot of land is rented by an individual for growing vegetables or flowers for their personal use. The garden provides an opportunity for city residents to grow food, and to meet new friends, share knowledge, and build community. The food grown in each plot belongs to the registered gardeners, and cannot be used or sold for any commercial purposes. The garden is run by the Swick Park Community Garden Collective (SPCGC).

Community Gardens are wonderful places for city residents to come together in a healthy past time that is good for them and the planet. Sadly, theft of produce does happen. The SPCGC attempts to engage in various ways to inform the public that community means community led and managed and not free for the public to harvest in this case. We hope that the public respects the hard work of gardeners and does not take what they have not helped to grow or maintain.
