

# ROSEWOOD

## Rosewood Community Association Newsletter

2019 Fall (Vol. 6 No. 3)

### President's Message

Hello Rosewood,

It's great to see so many residents using our park trail systems to get outdoors this year. A reminder that per City of Saskatoon Bylaw 7860 your pets must be on leash and under your control at all times. To let your pets run around off-leash use the fenced Hyde Park off-leash area. Please help keep our parks clean and clean up after your pet!

This year and moving forward there will be some infrastructure changes in Hyde Park. Keep informed through our website, newsletter, and City of Saskatoon publications and notices. Your voice matters! If you see a notice on a subject you care about attend an engagement session and bring your opinions forward.

Our Rosewood Rink Project is in full swing. See information in this newsletter for more details on this exciting Project!

I hope to see you all at our 6<sup>th</sup>, yes I can't believe its our 6<sup>th</sup>, Annual Family Fun Day this year! As usual our volunteers led by Claudine Hentze have been working tirelessly to make this event a possibility. Come enjoy a day in the park with family, friends and neighbours.

Hoping you all have a safe, healthy and happy late summer and fall!

Warm regards,

*Reed Hentze*

President

### Current Board of Directors

President:	Reed Hentze
Vice President:	Rob McClinton
Treasurer:	Kyle Patterson
Secretary & Membership:	Courtney McClinton
Communications/	
Website & Newsletter:	Claudine Hentze
Basketball Coordinator:	Scott Hawley

## Fall Favourite Recipe

### APPLE BERRY CRISP

Apples and blueberries are the stars in this irresistible recipe. Enjoy it warm on its own or with a small dollop of yogurt. Perfect for dessert or as a snack with a glass of water, white milk or unsweetened fortified soy beverage.

 **PREP TIME: 15 MIN**  **COOK TIME: 50 MIN**  **SERVINGS: 8**

#### INGREDIENTS:

- ~ 4 apples, (about 600 g/ 1 1/4 lb) cored and chopped
- ~ 500 mL (2 cups) frozen or fresh blueberries
- ~ 45 mL (3 tbsp) packed brown sugar
- ~ 30 mL (2 tbsp) all purpose flour
- ~ 5 mL (1 tsp) vanilla
- ~ 250 mL (1 cup) large flake oats
- ~ 125 mL (1/2 cup) all purpose flour
- ~ 75 mL (1/3 cup) wheat bran
- ~ 30 mL (2 tbsp) packed brown sugar
- ~ 2 mL (1/2 tsp) ground cinnamon
- ~ 45 mL (3 tbsp) soft non-hydrogenated margarine, melted

#### DIRECTIONS:

1. In a large bowl, combine apples, blueberries, sugar, flour and vanilla until coated. Spread into a 20 cm (8 inch) square baking dish; set aside.
2. Topping: In another bowl, combine oats, flour, wheat bran, sugar and cinnamon. Drizzle with melted margarine and using a fork, toss to coat oat mixture. Sprinkle over top of fruit mixture.
3. Bake in preheated 180°C (350°F) oven for about 50 minutes or until apples are tender and top is golden. Let cool slightly before serving.

#### TIPS:

This is a fun and delicious recipe for the whole family to make. Little chefs can stir the topping ingredients together. Older kids can slice the apples.

Feeling adventurous? Change the fruit to make different crisps. Instead of apple and blueberry, try pears and raspberries.

Try using less of the ingredients that are high in added sodium, sugars or saturated fat. Adding salt or sugars directly to your recipe? Remember, a little often goes a long way.

# School Zone Safety

School time is just around the corner and the familiar sight of school busses in Rosewood is upon us! Watch for kids walking to/From school, and getting on/off school buses and transit. Police will be watching for drivers speeding in school zones, failing to stop at stop signs or yield signs, yield for pedestrians, to obey crossing guards, or obey school bus signs. Stay alert to help keep everyone safe!

## SCHOOL ZONES

- \* Maximum speed limit **30 kph**
- \* Mondays to Fridays, 8:00 am - 5:00 pm, September to June
- \* Marked by reflective, fluorescent yellow-green speed signs
- \* Speeders will receive a fine and three SGI demerit points

## DROP-OF AND PICK-UP ZONES

Designated drop-off and pick-up zones are posted at the school roadway/parking area. Follow posted signs to ensure you comply with the rules.

## SCHOOL BUS LOADING ZONES

These designated passenger loading/unloading zones are in effect Monday to Friday from 8:00 am - 5:00 pm. Do not stop or park in school bus loading zones as you may be fined.

## RESTRICTED U-TURNS IN SCHOOL ZONES

Although its tempting to do a U-turn don't. Use the roundabout by the school to turn around. This is dangerous in a school zone with so many kids around.

For more info school zones visit the [City of Saskatoon](http://City of Saskatoon) or [SGI](http://SGI) website.

## BARNES LAW OFFICE

~ your approachable professional, caring for clients like family since 1999 ~  
**Kojo Barnes, Barrister & Solicitor**

# Rosewood Updates

## ROAD CONSTRUCTION

### Taylor Street Primary Water Main Construction/Road

Construction continues at the east end of Taylor Street just past Rosewood Gate North. This work now incorporates the building of the Taylor Street road extension.

### Roadway Connections to Meadows Market in Rosewood

The City of Saskatoon is working with developers to ensure that at least one of the roadways on the Rosewood community plan is built within the year to connect Rosewood with the Meadows Market commercial area on the east side of Rosewood.

Stay tuned for more details!

## ROSEWOOD CONCEPT PLAN

As we are a community still under development we periodically see proposed amendments being made to the Rosewood Concept Plan.

The most recent amendment that went before council included rezoning portions on the east side reducing the commercial footprint and increasing residential building and density.

These changes have now been incorporated and a new amended concept plan was released on June 24, 2019.

If you would like to find out more about the changes contact the City of Saskatoon Planning Section.

## PARK CONSTRUCTION

Once Rosewood has been fully built out there will be numerous parks and green corridors in our community.

For more updates on Rosewood park construction visit our [website](#).

### Glen H. Penner Park

The fencing is still up around the park however residents should have access to the park soon with the completion of the spray pad which was scheduled to be open in August. Hopefully by the time you are reading this the park and spray pad area have been opened and the kids have been out enjoying them!

### Hyde Park Phase II

The City of Saskatoon held an open house on June 13, 2019 to provide resident with an opportunity to see the planned park enhancements. Plans for the park include:

- \* Placing a formal crusher dust pathway in the Southwest corner of the park to connect with existing pathways in Hyde Park.
- \* Placing formal crusher dust pathways at the North and South gates of the Dog Park to connect with existing pathways in Hyde Park.
- \* Adding significantly more rip-rap (small-to-medium rocks) to the Dog Park area that experiences flooding during spring melt and rain events.
- \* Installing outdoor sculptures within the park.
- \* Enhancing naturalized plantings throughout the park.
- \* Developing interpretive and education areas to explain the significance of the naturalized park.

Stage 1: Landscape Contract (August - September 2019); Stage 2: Outdoor Sculptures & Stage 3: Interpretive Signage (2019/2020); and Stage 4: Naturalized Plantings (Over a few years).

Rosewood Concept Plan Amended June 24, 2019 - Also shows the future plan roads that will connect Rosewood residential to commercial Areas

Glen H. Penner Park Spray Pad

Hyde Park Naturalized Area and Off Leash Dog Park Phase II

Visit the RCA [website](#), [Twitter](#) or [Facebook](#) for what's happening!

# Rosewood Outdoor Rink Project Fundraising

Our Rosewood Outdoor Rink Project is in full swing with approximately \$20,000 generously donated to date.

On May 15, 2019 we had our first formal fundraising event, a Pizza Party hosted by IG Wealth Management at Boston Pizza. It was a successful event where we raised \$2,260!

In addition to cash donations we have received generous in-kind donations of \$ 16,000 for engineering design and surveying. We also have a significant commitment from a local contractor who lives and works in Rosewood for earthworks! This is a great start but we still have a long way to go to get shovels in the ground.

The City of Saskatoon has recently committed to construction of a multi-use outdoor building which has resulted in changes to our design and we are working with the City to better define the location, aspects, and community use of this structure. This has resulted in required changes to our plans and delays in construction but your local Rink Committee Members are working hard to keep the project moving.

Thank you to all of our generous sponsors and contributors!

# Newborns and Pets

## BRINGING HOME BABY

Congratulations - You're expecting a baby! This is an exciting time for everyone, and you will have to help your pet adjust to the new family member and furnishings.

## GENERAL TIPS TO KEEP IN MIND

### BEFORE THE BABY ARRIVES:

Expose your pet to baby gear such as strollers, swings, and noisy toys; start walking your dog with the stroller before the baby is born.

Play recordings of baby sounds to desensitize your pet; start at a low volume and use positive reinforcement such as treats and play while the sounds are playing. Gradually increase the volume until you reach a real-life volume

Don't allow your pet to share a bed with your infant; get them used to sleeping away from the bed or nursery before the baby arrives. Access can be blocked by using baby gates, doors, a screen door on the nursery, and crib nets. Another method is to confine your pet to a different bedroom to sleep, or for dogs, get them used to a crate.

Address any undesirable behavior such as jumping up or food aggression; take your dog to obedience classes. Teaching dogs basic commands will help encourage calm controlled behavior.

Use a swaddled doll to get your pet used to you carrying the baby around, or having the baby on your lap all the time.

Encourage friends and family with infants to visit your home to begin

accustoming your pets to babies .

For cats, prepare comfortable areas to enrich their indoor environment such as cat trees, suspended shelving, and window seats. If you want to make adjustments to litter box locations, and food/water dish locations, do so long before so your cat is not overwhelmed with changes.

### HOMECOMING:

When you return from the hospital, have someone else take your baby into another room so your pet has a chance to greet you. After the initial greeting, allow your pet to sit calmly beside you while you hold the baby. Keep dogs on leashes so they can be more easily controlled – they can be allowed to drag the leashes. Allow your pet to politely sniff the baby, but any rambunctious or focused behavior should be immediately discouraged.

NEVER leave your pet alone unsupervised with a baby or small child; pets should also be provided with comfortable resting areas that allow them to get away.

For pets that have multiple behavior problems such as aggression, fear, or separation anxiety prior to bringing home a new baby, it can be difficult to balance what is necessary to keep everyone happy and safe. Please speak to your veterinarian to help identify problems and find appropriate solutions.

Information provided by the Woodridge Veterinary Clinic.

Please contact their friendly staff or your local veterinarian for more information on how you can keep your pet healthy!

A photograph of a pharmacist's workspace. In the foreground, there is a clear plastic pill container with several red, round pills. Behind it is a white bag with the text "LIVE WELL WITH PHARMASAVE" and "pharmasave.com". To the right, a white pill container has a label that reads "PHARMASAVE Rosewood Pharmasave #448 3081 Ledingham Way, Saskatoon, SK, S7V 0C4 Ph: (306) 665-6336" and "PHARMACY HOURS: MON TO FRI 9:30 AM TO 6:30 PM SAT 10:00 AM TO 4:00 PM SUN CLOSED". In the background, a sign says "VISIT US TODAY AND TELL US HOW CAN WE HELP!". At the top of the bag, it says "LIVE WELL informed." and "let's talk about... your prescription". At the bottom of the bag, it says "Ask your Live Well Pharmacist.".

# Fall Gardening & Lawn Care

## LAWN CARE

To encourage roots and help green up your lawn earlier in the spring make sure you use fall fertilizer. Do one final low cut mow (but not too low) late in the summer .

## CLEANING UP LEAVES/MULCHING

Instead of bag up leaves consider mowing fallen leaves, cutting them into small pieces and leaving them on the lawn. Throughout winter they will decompose. It should be dry when you mow and leave no more than about six inches of leaves per season. Any excess can be used as mulch in your flowerbeds and vegetable garden, or add to your compost bin.

## TREE AND SHRUB PLANTING

Contrary to what some may think, fall is a good time for planting right up until the end of September or early October, depending on weather. Talk to your garden centre about what you can plant in the fall.

## FALL PRUNING

Late fall is an excellent time to prune trees and shrubs when they become dormant. Talk to your garden centre about proper pruning techniques and timing.

## FLOWER GARDEN

Cut back your perennial flowers. A little effort in the fall will provide healthier flower beds for your garden. If you're unsure how much to cut back or when to cut talk to your garden centre, you can also check online. Not all flowers are the same so it's a good idea to check before you start.

## FALL BULBS

There are bulbs such as tulips that should be planted in the fall so they will be the first to bloom in the spring. Check with your favorite garden centre to see what bulbs you can plant.

There are some native plants that might interest you in planting such as the prairie crocus. It's always a beautiful sight to see flowers bloom even when there's snow on the ground!

## OUTDOOR WATERING SYSTEM/FAUCETS

Remove all garden hoses, drain and store in your garage or shed. Turn off and drain water to avoid freezing & pipe breakage. Standing water can freeze irrigation systems and outdoor water spigots.

## CLEAN YARD EQUIPMENT

Clean all of your lawn care equipment including draining and properly disposing fuel for gas operated equipment.

Take out your snowblower and other winter equipment to make sure they are functioning. If you've got time you can get a jump on spring cleaning and clean out the garage.

# Waste Collection

**GARBAGE:** Changes from weekly to by-weekly pickup on September 24

**RECYCLING:** Remains by-weekly

Need a reminder? Sign up and have the City of Saskatoon send you a reminder by text, phone, email or Twitter the day before collection. The City also have a Saskatoon Recycle & Waste App you can download.

Check out the [City's collection calendar](#) for collection days.

# Interesting Facts About Saskatoon

Although European settlement of Saskatoon did not begin until the 1880s, people have been living in and travelling through the Saskatoon area for around 11,000 years.

## THE TEMPERANCE COLONY SETTLEMENT

In 1881, a group of temperance activists from Ontario formed the Temperance Colonization Society (TCS), with the idea of creating an agricultural colony on the prairies, dedicated to the ideals of the Temperance Movement, a philosophy which blamed alcohol for most of the ills that beset society. Take away the alcohol, the reasoning went, and you took away the ills.

At the same time, the Canadian government was hoping to stimulate agricultural settlement on the prairies by offering huge blocks of land to colonization companies. For the TCS, therefore, the new colony would not only be an agricultural and social utopia, but also a chance to make a tidy profit from selling land to prospective settlers.

They soon signed up 3,100 would-be colonists for more than two million acres, and by June of 1882, John Lake--a Methodist minister turned entrepreneur--was scouting out possible colony sites along the South Saskatchewan River.

As it turned out, the colony's land grant comprised only 313,000 acres. It extended along both sides of the South Saskatchewan River, from Clarke's Crossing (present-day Clarkboro) in the north to Moose Woods (the present-day Whitecap First Nation) in the south. It was to include a centrally-located townsite to act as a service centre for the surrounding farms. On the advice of Chief White Cap of Moose Woods, Lake chose the site we now call "Nutana" as a place to plant the new town.

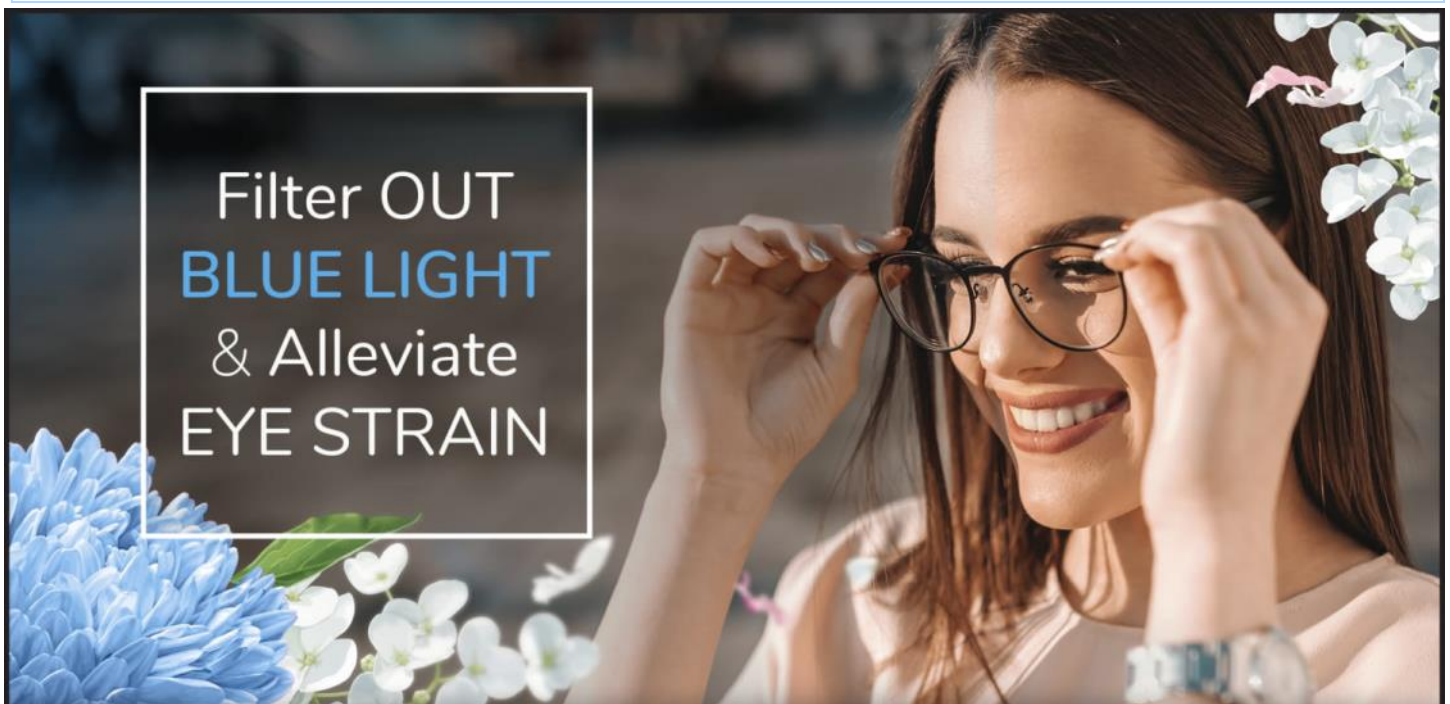

Lake returned the following year to survey the colony. The first Temperance Colony settlers traveled by railway from Ontario to Moose Jaw and then made the grueling 160 mile trip to Saskatoon in horse-drawn carts.

## A FEW OTHER POINTS OF INTEREST FROM THE EARLY 1880'S:

- 1882 Saskatoon was chosen as a settlement site by a party under John Neilson Lake of the Temperance Colonization Society.
- 1883 On August 18 Saskatoon was officially founded.
- 1884 The Ferry service across the river began.  
On May 25 the first burial at what is now the Nutana Pioneer Cemetery (Robert Clark) took place.  
On August 9 "The Sentinel" which was Saskatoon's first newspaper was published.
